## Directions to the Farm

**2370 Buffalo Station Drive  
Gladstone, VA 24553  
Cell: (434) 547-3198  
Office: (434) 983-8000**

**Your GPS may not work well or mislead you getting to our farm.** It most often drops you off at the top of the hill and all you have to do is keep coming straight, but we have had some tell people to turn opposite directions, etc.

Plus, unless you have Verizon you may not have cell service to call :)

**SO, please use these directions:**

**From Route 60 (East and West):**

- About 11 miles east of Amherst, **turn onto 626 Norwood Road** (left or right depending on which direction you are coming - your GPS should get you to here ok)
- Go approx 1 mile on Norwood Rd
- Just after a brick church Mineral Springs Church on your left...
- **Turn RIGHT onto Buffalo Station Drive** (gravel road, the **turn appears straight** because Norwood is curving left and you keep straight on to Buffalo Station). Google maps tells you to turn left but it is a slight right.
- Continue to follow the main track, where you see the majority of tire prints following. This intersection is not well marked, but basically you are following Buffalo Station straight through a five way intersection where some other gravel roads are meeting it. **Keep "STRAIGHT" on Buffalo Station** - but Buffalo Station is making a slight left curve at that time
- You will be on a gravel road that runs along a ridge running along the James River (enjoy the views left and right...and through some clearcut - then through some woods
- When you open out with fields on both sides, you are on our farm, but keep going down a long hill to the driveway entrance
- **Our driveway is at the bottom of the hill on the right (2370)** and marked with a black mailbox and hand painted sign with our address
- Park in designated areas alongside the driveway with only two wheels on the grass and keep two wheels on the driveway. If parking is full come up to the courtyard and we will assist you.
- **Keep vehicles off the grass please** - we are just establishing grass and also rehabilitating compaction and so we avoid traffic on the fields **THANK YOU!**
- If you need help shuttling anything, walk up the hill to the block house building and let us know. We can help you with our truck to get any gear you may have and help you set up for camping, etc

# SIMPLE SOIL SOLUTIONS

*Unlock Nature's Principles*

**From 29 North:**

- Continue South from Charlottesville about 37 miles (through Lovingston and Arrington)
- **Turn LEFT onto 739**
- **Continue Straight** and 739 turns into 657
- If you miss the turn above, don't worry and keep going, then get off of 29 at Amherst onto Route 60 East - it is not much further and not as windy
- When you get to Route 60 at the "Crossroads" Gas Station, turn **Left to go 60 East**
- **Go less than 1 mile, turn LEFT onto 626 Norwood Road**
- Follow directions above

**HAVE A GREAT TIME!**
